Subj: SECURITY CLASSIFICATION MARKING INSTRUCTIONS

Ref: (a) CNO ltr 5510 Ser N09N2/4U692357 of 6 Oct 04
(b) USD(I) memo of 27 Sep 04
(c) SECNAVINST 5510.36
(d) SECNAVINST 5510.34A

1. Reference (a) forwarded interim guidance on marking changes prescribed by reference (b).

2. The following is provided as supplemental guidance on remarking for release *existing* documents originally marked with the intelligence control marking, "Not Releasable to Foreign Nationals (NOFORN)."

a. Existing documents originally marked NOFORN must be re-reviewed by an approved foreign disclosure authority and, when deemed releasable, remarked prior to release to foreign nationals.

b. If a document is deemed releasable in its entirety, the NOFORN marking may be lined through and the document remarked with the revised overall page and portion markings.

c. Any portions of a document not approved for release must be redacted. Remaining releasable portions of the document must be remarked as described herein.

d. A record copy of the released document shall be annotated with the release authority (e.g., Command) making the release decision and the date of the decision. When circumstances warrant, notify all document holders of the release decision.

Subj: SECURITY CLASSIFICATION MARKING INSTRUCTIONS
